

YOU HAVE A CHOICE WHEN IT'S TIME FOR COLLISION REPAIRS

You decide where your vehicle is repaired and you have the right to know in advance and to choose which parts will be used during your repair.

NISSAN SETS THE STANDARD

The Nissan Certified Collision Repair Network has been developed by Nissan North America as a dynamic, competitive program to recognize and distinguish independently owned and operated collision centers that meet or exceed Nissan's standards for repair work, training, equipment, and delivery of customer service.

For a timely, high-quality repair, we recommend choosing a Nissan Certified Collision Center.

PEACE OF MIND

The trained staff at Nissan Certified Collision Centers ensure your vehicle is repaired to Nissan's standards.

- Collision Center staff are trained to repair the vehicle to help maintain future crash worthiness by I-CAR® All Nissan Certified Collision Centers maintain I-CAR Gold Class® recognition.
- Certified Collision Centers prioritize using new Genuine Nissan Parts.
- As a member of the Nissan Certified Collision Repair Network, each independently owned and operated Collision Center provides a limited warranty² on repairs it has performed.
- Collision Centers are evaluated to confirm they meet or exceed Nissan Certified Collision standards.

THE BENEFIT OF NEW GENUINE NISSAN PARTS

New Genuine Nissan Parts are designed by Nissan to help restore your vehicle's appearance and meet the rigorous standards you've come to expect from Nissan.

Shortened Repair Time

Aftermarket or salvage parts may take more time to install and may require modifications to achieve an acceptable fit. New Genuine Nissan Parts are designed to consistently fit, which may reduce your vehicle's repair time.

Structural Integrity

When installed using factory-recommended materials and procedures, new Genuine Nissan Parts deliver the high-level structural performance and tolerances originally designed into your vehicle.

Resale Value

Using new Genuine Nissan Parts may help maintain the value of your vehicle.

Parts Limited Warranty¹

New Genuine Nissan Parts are the only replacement parts warranted by Nissan. Damage due to the failure of aftermarket or salvage parts may not be covered by your vehicle's limited warranty.

If you want your collision repairs to be performed with the highest standards, the solution is simple: choose a Nissan Certified Collision Center and new Genuine Nissan Parts.

REPAIR NETWORK

NISSAN CERTIFIED

Before certifying a collision center, Nissan prepares a detailed report to confirm Nissan's program standards are satisfied.

The benefits of using a Nissan Certified Collision Center include:

I-CAR® Gold Class® recognition, an industry-recognized training achievement

Prioritized use of new Genuine Nissan Parts that may help preserve your vehicle's value

The tools and equipment necessary to repair your vehicle right the first time

Certified Collision Center limited warranty² on repairs performed

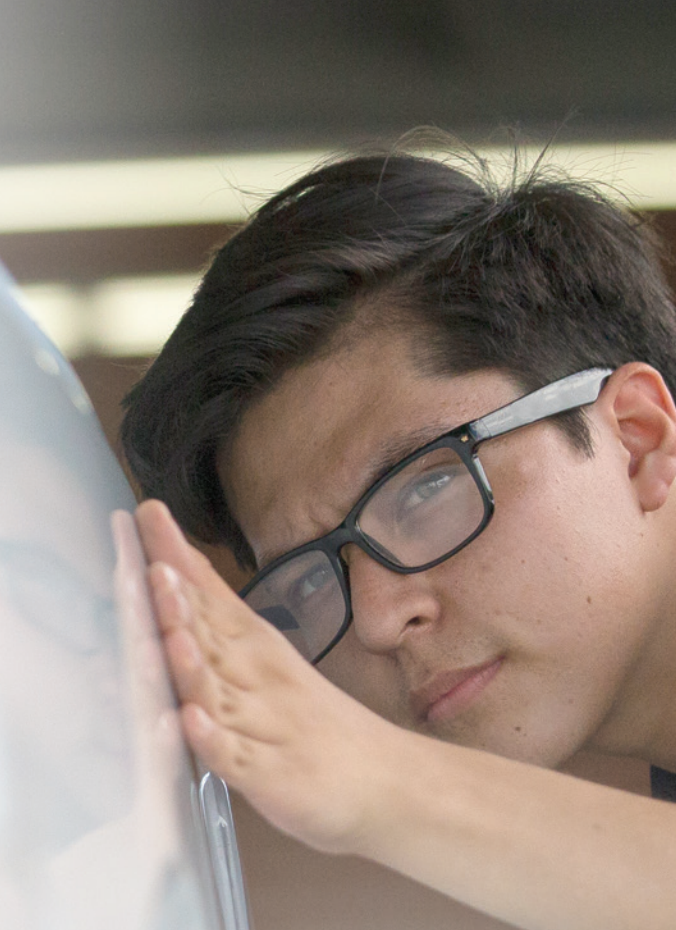

Complimentary towing³ to the nearest Nissan Certified Collision Center

Customer survey feedback to ensure your voice is heard

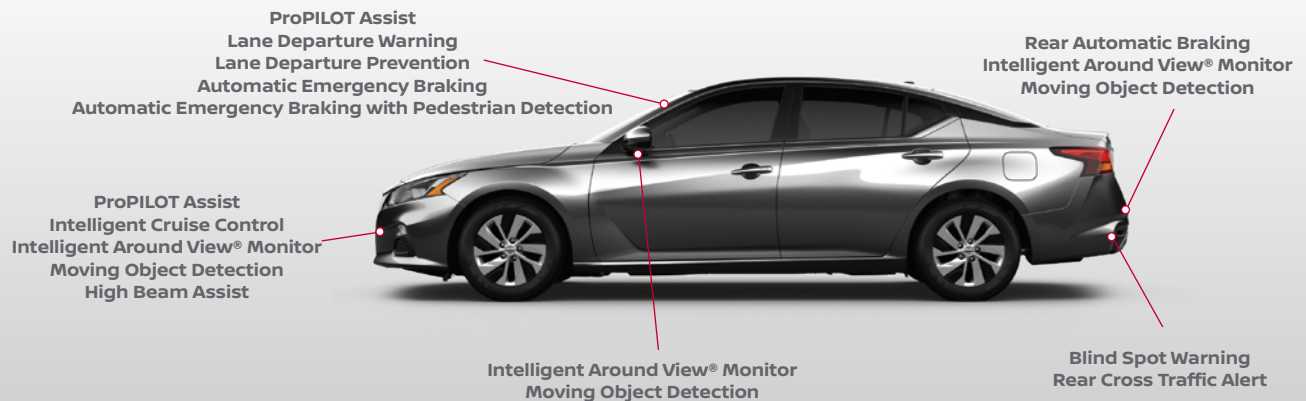

Nissan Certified Collision Centers provide the peace of mind that your Nissan is in the best hands.
